Committee Meeting of November 22, 2023

*Prepared by: Alicia Davis, Principal Court Management Consultant, NCSC*

Since its formation as a JCSN subcommittee in September, the group has met twice. The group first created an internal survey focusing on a strategic plan for enhancing family services in Nevada. This survey prioritized the 2019 NCJFCJ report recommendations, with particular attention to case triage, workload balancing, and the utilization of virtual proceedings, also surveying judicial officers and court staff to understand current operational needs and identify potential enhancements.

In reviewing survey results, the committee agreed that a majority of the data from the 2019 report remains relevant and accurate. Moving forward, the members agreed to identify four to five “pressure points” on which the committee will focus. The group will develop action plans around these “pressure points” at an in-person workshop being held in February 2024.
