The Specialty Court Team Members make up the core of DAAY Court. We work closely together to create a program that diverts Youth on the Autism Spectrum out of the juvenile and criminal justice system. Each person volunteers their time to ensure the success of this program.

The above list of staff are all instrumental in the input and decision making of our drug court participants. None of the above were able to attend the NADCP conference in Nashville this year, so I believe this would be a great opportunity for them to receive additional training & knowledge.
