Subject: RE: Reminder Regarding Judicial Education Requirements

Good Morning Ms. Fairbank, Continuing education in areas of(1) Nevada hydrology, (2) climate science, (3)ground water modeling, and(4) the subject matter found in the publication, Adjudicating Groundwater: A Judges Guide would be useful. Having one or more experts (without a conflict of interest) in Nevada ground water science(hydrogeology) always available to district court judges would also be useful.
Judge Fairman

Subject: Reminder Regarding Judicial Education Requirements

Good Afternoon,

Please consider this a friendly reminder to transmit to Jamie Gradick and myself the items that you believe would be helpful to support Nevada Judges in hearing water law cases. If you have not sent them, please send them to us no later than November 15th at the absolute latest.

Kindly,
Micheline
